Choose from our curated collection of premium marble, quartz, and granite.

3

### Custom Fabrication

Our specialists will craft each piece to your precise specifications.

4

### Delivery & Support

We ensure a seamless delivery process and provide expert aftercare advice.

# CLIENT TESTIMONIALS

“I was honestly delighted with the service Kos Stone provided. Anton helped us to choose and install the most perfect marble worktop. He was super knowledgeable, professional and helpful throughout the process.”

“5-star review from us. We can’t fault Anton’s and his teams work. From start to finish they we’re efficient and very reasonably priced. Left out house very tidy after the works and the joins and silicone finish was perfect. We wanted a specific quartz that Anton doesn’t normally stock but he managed to find it and supply within a short window.”

“Excellent and friendly service. Returned a couple of weeks after fitting a new kitchen surface to complete some very minor finishing work without any questions. Would highly recommend.”

“Thanks to Anton and his team for being so helpful, delivering and installing exactly what we wanted. We absolutely love the stone in our kitchen. 5\*”
